Grove All-Terrain cranes

Customize your crane

Lift Solutions is a service Manitowoc provides to quote, plan and produce the crane your unique applications require.

Our experienced team of knowledgeable all-terrain crane professionals are dedicated to providing you the customizations you need to get and keep you working.

Lift Solutions: Our applications

We have designed and produced all-terrain cranes for special applications, including:

- Special lights
- Special hook blocks
- Special trailer hitch
- Front view camera
- Special applications for the Army and Fire Brigade
- Special connections for electric or compressed air

Customer service

To ensure you are receiving exceptional support, you will have a central contact person throughout the duration of our project. Your central contact person will ensure the project is executed efficiently and can answer any questions.

Cost savings

Initial project planning costs are FREE.

Uptime

Our team is focused on you and your needs, and providing your crane customization quickly, so that you can get to work as soon as possible.
