New battery 2.0 Ah,
Up to 70% more capacity*

This new battery fully complies with the original manufacturer's specifications covering our whole range of cranes equipped with a NOVA transmitter or GL using the battery P-63418-95.

Battery ref. : 84043425

Characteristics:

- Capacity : 2.0 Ah,
- Technology : Nickel – Metal Hydride (Ni-MH),
- Nominal voltage : 3.6V
- 300 cycles at 100% capacity.

Advantages:

- Up to 70% more capacity for the same price,
- A preferential tariff for a quantitative order,
- Compatible with the charger N-63418-94.

* Compared to the previous battery P-63418-95

Only POTAIN batteries guarantee the correct operation of our transmitters. When using batteries sold elsewhere than in our network these can damage the electronics of our transmitters and in no case we would be held responsible for the damage caused.
